there are a variety of theoretical and methodological approaches to researching how film spectators make sense of film texts from the film text itself the psychological traits and sociocultural group memberships of the viewer or even the location and surroundings of the viewer however we can only understand the agency of film spectators in situations of film spectatorship by studying actual spectators interactions with specific film texts in specific contexts of engagement making sense of cinema empirical studies into film spectators and spectatorship uses a number of empirical approaches ethnography focus groups interviews historical qualitative experiment and physiological experiment to consider how the film spectator makes sense of the text itself or the ways in which the text fits into his or her everyday life with case studies ranging from preoccupations of queer and ageing men in spanish and french cinema and comparative eye tracking studies based on the two completely different soundscapes of monsters inc and saving private ryan to cult fanbase of the lord of the rings trilogy and attachment theory to its fictional characters making sense of cinema aligns this subset of film studies with the larger fields of media reception studies allowing for dialogue with the broader audience and reception studies field

this exploration of the ways in which pregnancy affects narrative begins with two canonical american texts nathaniel hawthorne s the scarlet letter 1848 and harriet jacobs s incidents in the life of a slave girl 1861 relying on such diverse works as frankenstein peyton place beloved and i love lucy the book chronicles how pregnancy evolves from a conventional plot device into a mature narrative form especially in the 20th and 21st centuries the pregnancy narrative in fiction and film acts as a lightning rod with the power to electrify all genres of fiction and film from early melodrama way down east to noir leave her to heaven from horror rosemary s baby to science fiction and dystopia alien the handmaid s tale and from iconic lolita to independent juno precious ultimately the pregnancy narrative in popular film and fiction provides a remarkably clear lens by which we can gauge how popular american film and fiction express our most profound and most private fears values and hopes

the primary goal of the communication and technology volume 5th within the series handbooks of communication science is to provide the reader with a comprehensive compilation of key scholarly literature identifying theoretical issues emerging concepts current research specialized methods and directions for future investigations the internet and web have become the backbone of many new communication technologies often transforming older communication media through digitization to make them compatible with the net accordingly this volume focuses on internet web technologies the essays cover various infrastructure technologies ranging from different kinds of hard wired elements to a range of wireless technologies such as wifi mobile telephony and satellite technologies audio visual communication is discussed with reference to large format motion pictures medium sized television and video formats and the small screen mobile smartphone there is also coverage of audio only media such as radio music and voice telephony text media in such venues as online newspapers blogs discussion forums and mobile texting and multi media technologies such as games and virtual reality

media competes with public schools in terms of student engagement and time however the two needn t be mutually exclusive the pedagogy of pop theoretical and practical strategies for success discusses a variety of strategies and approaches for using social and mass media as tools through which teachers might improve schooling while there is a vast body of literature in this field editors edward a janak and denise blum have created a text which differs in two substantive ways scope and sequence in terms of scope this work is unique in two facets first it presents both theory and practice in one volume bridging the two worlds and second it includes lessons from secondary and postsecondary classrooms allowing teachers on all levels to learn from each other in terms of sequence the pedagogy of pop draws on lessons from both historical and contemporary practice the introductory section of janak and blum s collection presents a pair of papers that use somewhat different approaches to examine the historical roots of contemporary critique part i presents a series of chapters designed to provide guidelines and theories through which educators on all levels can think about

their practice focusing more on the why of their approach than the how part ii presents a more hands on approach by sharing a variety of specific strategies for incorporating pop culture in all its forms technology music television video games etc in both secondary and postsecondary classrooms the conclusion shows the praxis of teaching with popular culture presenting a counterpoint to current thinking as well as a case study of the best of what can happen when popular culture is applied effectively
