in 1962 a young guang jinli travels from china to america to study economics at usc in

los angeles where he falls in love with a chinese american girl in 2017 the same guang jinli now the first ranked vice premier of the people s republic of china for trade and investment policy returns to america after a fifty year absence his trip includes a graduation speech at his alma mater and a meeting in washington dc with the treasury secretary once there he s confronted by a revelation that presents a potential threat to china united states relations and the possible destruction of his stellar career the most recent hundred years of the chinese revolution sets the stage for this unfolding story that moves from early twentieth century china through los angeles in the sixties and on to the twenty first century white house the book features a compelling and sometimes quirky cast of supporting characters who are cleverly interwoven with the storyline consequences is a book about our actions and the way they echo through history often undecipherable until we re blessed with the perspective of elapsed time

it is no exaggeration to say that the mormons the latter day saints are a fascinating people since 1830 they have been a part of the great mosaic of america persecuted by mobs driven from place to place their incredible courage in the face of unrelenting hostility has wielded them into a formidable presence especially in the state of utah founded in new york state by the charismatic joseph smith jr he said he was personally commissioned by god to restore pure christianity to the world the book of mormon this most perfect book was his initial written binding revelation to his church joseph smith was a controversial figure in his day accused of being a fraud a racist a womanizer a disrupter of good morals and a dictator one thing he did do well was to gather people into his church make them believe in themselves and strengthen them into being a formidable force for mormonism smith led them through armed conflict against hostile neighbors even against government militias gun battles and extreme violence were commonplace eventually joseph smith was captured and assassinated all this by age forty nobody was convicted of his murder smith is perhaps the most understudied under estimated and misunderstood character in american history he was no ordinary man when his successor brigham young led the latter day saints to a place of sanctuary today s salt lake city utah it was one of the most epic unifying journeys in american history in the past some of their unusual practices were total obedience to the leadership blood atonement and especially polygamy some of these were discarded 1890 so today most mormons are good neighbors however there are mormon outlaws who still practice such unsavory things hoping to resume them all one goal of the early

saints was to conquer missouri next the entire country then the world today the mormon church is one of the wealthiest and most powerful organizations on the planet its influence and missionary outreach is worldwide as possibly the fastest growing faith in the world maybe someday they will succeed then what will be next
